

A bill for an act
relating to transportation; bridges; establishing Stillwater lift bridge endowment
account; appropriating money; proposing coding for new law in Minnesota
Statutes, chapter 165.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. **[165.15] STILLWATER LIFT BRIDGE ENDOWMENT ACCOUNT.**

Subdivision 1. **Account established.** (a) The Stillwater lift bridge endowment
account is established in the state treasury. The account may consist of appropriations
made by the state of Minnesota or Wisconsin and may include federal funds. The account
may also receive private contributions, gifts, or grants under section 16A.013. Any interest
or profit accruing from investment of these sums is credited to the account.

Subd. 2. **Use of funds.** (a) Income derived from the investment of principal in the
account may be used by the commissioner of transportation for operations and routine
maintenance of the Stillwater lift bridge. No money from this account may be used for
any purposes except those described in this section, and no money from this account
may be transferred to any other account in the state treasury without specific legislative
authorization. Any money transferred from the trunk highway fund may only be used for
trunk highway purposes. For the purposes of this section:

(1) "Income" is the amount of interest on debt securities and dividends on equity
securities. Any gains or losses from the sale of securities must be added to the principal
of the account.

(2) "Routine maintenance" means activities that are predictable and repetitive, but
not activities that would constitute major repairs or rehabilitation.

(b) Investment management fees incurred by the State Board of Investment are eligible expenses for reimbursement from the account.

(c) The commissioner of transportation has authority to approve or deny expenditures of funds in the account.

Subd. 3. **Appropriation.** Income derived from the investment of principal in the account is appropriated annually to the commissioner of transportation for the purposes described in this section.

Subd. 4. **Financial compliance.** The commissioner of transportation shall ensure that the account complies with the regulations in OMB circulars A87, Cost Principles for State, Local and Indian Tribal Governments, and A122, Cost Principles for Non-Profit Organizations, of the United States Office of Management and Budget (OMB).

Subd. 5. **Investment.** The State Board of Investment, in consultation with the commissioner of transportation, shall invest money in the account under section 11A.24.

Subd. 6. **Demolition.** If the commissioner determines, in consultation with the State Historic Preservation Office, that it is necessary to demolish the Stillwater lift bridge, the principal in the account may be spent to pay for demolition of the bridge, and is appropriated to the commissioner of transportation only for that purpose, except that only funds originally contributed by the state or federal government can be used to pay for demolition. Any money remaining in the account after demolition must be used to pay for the preservation of other historic bridges in consultation with the State Historic Preservation Office.

Subd. 7. **Audits.** The account is subject to audit by the legislative auditor.

Subd. 8. **Reports required.** The commissioner of transportation shall report annually to the chair and ranking minority member of each legislative committee with jurisdiction over transportation on the endowment account. At a minimum, the report must include detailed revenue and expenditure information.
